MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director (Plans)

SUBJECT: Appointment of Representative to Supervise Liaison
with the Office of Censorship

ILLEGIB

1. Transmitted herewith are letters for your signature addressed to the Secretary of Defense and the Director of Civil and Defense Mobilization, in which you designate your representatives to supervise liaison between CIA and the Office of Censorship.

2. The Stand-By National Censorship Agreement, signed by you on 15 March 1958 and also signed by the Secretary of Defense and the Director of the Office of Defense Mobilization, contains certain obligations on the part of the Director of Central Intelligence. It was agreed by planning representatives of all the major components of this Agency that the implementation of these obligations is the responsibility of the Deputy Director (Plans).

3. There are specific actions to be taken at this time within the Agency to permit it promptly to fulfill its obligations under the National Censorship Agreement. These require contact with those components of the Department of Defense initially responsible for operational censorship in the event national censorship is imposed by executive order and/or public law. Thus, [redacted] have been selected by this Office for designation by you as your representatives to supervise liaison with the Department of Defense and the Office of Civil and Defense Mobilization insofar as they are acting for the Office of Censorship. The principal liaison officer will also be responsible for supervising the entire program within the Agency.
